CHRISTMAS AT ALL SAINTS CHURCH

This week, the whole school was invited to join in a celebration of Christmas at All Saints Church.

The children were taken on a journey set 2000 years ago. We learned about the significance of advent and understood why giving is so important.

We explored the announcement to Mary about the birth of Jesus by the Angel Gabriel and what life must have been like for Mary all those years ago.

We learned about what promises we can make to Jesus, how tough the journey was for Mary and Joseph and to finish we gave our promises to Jesus as a gift.

Thank you so much to everyone who helped teach the children about the most amazing story ever told.

Everyone loved it.

A huge thank you to E H Booths for donating advent calendars and mince pies to school this week.

It was very generous and we are extremely grateful.

WALKING TO SCHOOL

- Walking to School is a great way for children to start the day as they will arrive at school fresh and alert. Smaller children can enjoy chatting with their parents during the walk and older children will enjoy the company of their friends. Socially and emotionally this can be an advantage.
- Children who walk to school with an adult have more opportunities to practice their road safety skills.
- Walking is an excellent way to build up regular exercise. Research shows that lack of exercise as a child can lead to ill health later in life as an adult.
- Young children should always be encouraged to hold your hand and walk away from the kerb.
- Parents of young children can share the duty of getting them to school by setting up a walking bus. A walking bus is a group of children walking to school under the supervision of at least two trained adults, one leading the group (driver) and one at the rear (conductor). If you wish to take part in this scheme with our school please contact Mr Currie.
- If it is unavoidable for you to transport your child to and from school by car, consider sharing the journey with a friend. Car sharing is a great way to reduce congestion, share costs, cut stress and reduce wear and tear on your car whilst reducing parking problems around school.
- Parking a little distance away from school and walking the last part of the journey will also greatly benefit children.
